

Now YOU can afford to “go Solar! “
With the Industry-Leading Solar LEASE Program.

\$55 per month (180 months) installs a
Turn-Key 5kW Solar System on your
home or business. SAVE \$200 per month
on your power bill!

“Yeah, I want to “go Solar” NOW!”

Control your energy future...

“Harvest the Sun”

Gain power over monthly energy bills - install affordable Solar power.

How?

Lease!

Substitute most of your electric bill for an AFFORDABLE LEASE. **YES**, solar power for your home or business is now within reach - without a large capital investment. Infinergy is a name you can trust to design your solar system - plus design an incentive package that will make a significant difference in your budget - and in America's environment.

Call Infinergy and let us help you achieve a greener energy future - for an investment you can afford. No obligation for our FREE analysis.
